Bachelor's in Computer Science

Futuregames

2022-2023

Vocational education in game development

SUMMARY

Gameplay & Generalist Programmer with professional and indie experience shipping games on PC, console, and mobile.

My main focus is on gameplay systems and project architecture. Coming from an indie background, I have a good eye for game feel and prototyping.

WORK EXPERIENCE

Godot Programmer @ NDA

US-based Publisher (Remote) • 2025 - 2026 (1 year)

- Managing a team of 5 for an internal 3D action-adventure project
