Futuregames

2022-2023

Vocational education in game development

SUMMARY

Gameplay & Generalist Programmer with professional and indie experience shipping games on PC, console, and mobile.

My main focus is on gameplay systems and project architecture. Coming from a game jam background, I also have a good eye for juice and design.

WORK EXPERIENCE

Lead Godot Programmer @ NDA

US-based Publisher (Remote) • 2025 - present (1 year)

- Lead for an internal Godot project
- Setting up core systems and managing a 5 people team

Unity Gameplay Programmer @ Italic Pig

United Kingdom (Remote) • 2022 - 2024 (3 years)

- Worked on Paleo Pines (PC & console) implementing gameplay systems and optimization in Unity C#

Developer / Co-founder @ IcedropGames

Remote • 2020 - present

- Co-founded an indie studio and shipped LOK Digital and Constellations on PC, Mobile and Switch.

SHIPPED TITLES

Paleo Pines (PC, Consoles)

LOK Digital (PC, Mobile)
